

IPM Specialist

Providence, RI

Reports to: Head Grower

THE ROLE

Gotham Greens has an immediate opening for an exceptional individual to be the IPM Specialist at our Providence facility. This position will support the Head Grower in all IPM related activities including but not limited to monitoring, prevention, and treatment. Overall, the Head Grower will oversee the IPM strategy and the IPM Specialist will be responsible for the execution of those plans. The ideal candidate is well informed on plant science, data analysis, sustainability, and embraces Gotham Greens' core values and mission. This is an opportunity for an enthusiastic, self-motivated and highly organized leader to join a rapidly growing, innovative, disruptive company in the 21st century food system.

AREAS OF RESPONSIBILITY

- Monitoring
 - Monitor all crops weekly
 - Act with knowledge and awareness of seasonal issues and crop specific disease and pest issues
 - Communicate any issues to all relevant teams
- Prevention
 - Oversee preventative plans for greenhouse facilities – pest and season specific
 - Work with Head Grower to support tasks critical to IPM prevention program
- Treatment
 - Release all beneficial insects
 - Monitor efficacy of introduced rates
 - Work with Head Grower to determine additional treatments as required
- Training Support
 - Support Ops Team as needed for IPM related training for greenhouse workers
- Record Keeping
 - Maintain scouting records – pest tracker
 - Maintain Weekly IPM Schedule
 - Maintain all IPM related logs

QUALIFICATIONS

Requirements:

- 2 years prior greenhouse experience preferred

- Ability to thrive at work under minimal supervision/direction
- Available to work weekends and work flexible hours as required
- Ability to work indoors and outdoors in extreme seasonal temperatures

The ideal candidate:

- Excellent verbal, written, and interpersonal skills
- Reliable and highly motivated with a creative flair and lively personality
- Passionate commitment to the company vision
- Appreciation to principles of sustainable agriculture and food

WHO WE ARE

Gotham Greens is a global pioneer in urban greenhouse agriculture and a leading consumer brand of premium-quality local produce and fresh food products. Gotham Greens' produce is grown using ecologically sustainable methods in technologically-sophisticated, climate controlled, urban greenhouses. Gotham Greens provides its diverse retail, restaurant, and foodservice customers with a local, reliable, year-round supply of salad greens, herbs and fresh food products grown under the highest standards of food safety and environmental sustainability. The company owns and operates over 170,000 square feet of greenhouse across four facilities in New York and Chicago and currently has 500,000 square feet of greenhouse under development in five US states. Gotham Greens was founded in 2009 in Brooklyn, New York.

We are farmers that live in apartments. Our team is hard working, supportive, and passionate about sustainable urban agriculture. We work to create an environment that is caring, fun, and collaborative.

Gotham Greens is proud to be an Affirmative Action/Equal Opportunity Employer. We thank all applicants in advance for their interest in this position, however, only those selected for an interview will be contacted.
